

## REMARKS

As amended, the claims require two different program guides wherein one of the program guides has more selections than the other. Thus, in one embodiment, one guide could be made up of favorites and the other guide could be the entire list. The user can select from either program guide pursuant to the claim. Since this arrangement is not shown in any of the references, favorable reconsideration is requested.

Support for the added limitations may be found in former dependent claim 2 and in the specification at page 7, line 5, through page 8, line 2.

Respectfully submitted,

Date: December 21, 2005
